# Technology Department tells of computer network use restrictions May 2 to May 13

Beginning on Monday, May 2, and continuing through Friday, May 13, the High School will be performing online state assessment testing. These assessments are the end-of-course (EOC) exams that replaced Missouri Assessment Program (MAP) testing at the high school level.

During this two-week period, the school district's computer network bandwidth will be dedicated to serve critical functions only. These critical functions include SISK12 and EOC testing.

Please adhere to these guidelines during this critical testing time:

- From May 2-13, do not perform video streaming or downloads of any kind; this includes Safari Montage.
- If you need to show video as a part of your curriculum, please extract the video in advance and play it from a DVD or flash drive *before Monday, May 2*.
- Internet programs that are interactive and utilize downloads and data transfer, such as educational games, should be avoided.
- For internet-based curriculum programs, such as Envisions, use the DVD provided with the curriculum rather than the online resources whenever possible.
- AIMSweb data transfers should be performed after 2:40 p.m. to avoid conflict with the EOC examinations.

If you have questions, contact the Technology Help Desk at:

[help@raypec.k12.mo.us](mailto:help@raypec.k12.mo.us) or call Ext. 1633.

Thank you for respecting these network restrictions. EOC testing is mandated by the state and impacts our district accreditation. Your cooperation is essential for a successful testing cycle.

## Fishing at Peculiar Elementary

Peculiar Elementary students have an opportunity to acquire the basics of fishing in a unit taught by Physical Education Teacher **Chris Roller**. Students are required to stay in their "boat" and must learn to get their fishing line out far enough to where the fish are. They must pay close attention to their line and try to "catch" a fish. For many students this is the only opportunity they get to go fishing, and they are very excited when they pull in a big one.
