Re: Chromebook Bid Rejection

Background Information

In March of 2019, the Raymore-Peculiar School District requested proposals for the purchase of 1100 Chromebooks. Bids were advertised on the district website and sealed bids were received and opened on April 15, 2019. While we were happy with the vendor participation, budget parameters were not met and many of the dealers did not include the purchase of our current surplus Chromebooks which could potentially save the district thousands of dollars. The district issued a new RFP in May clarifying the buyback option of district surplus devices.
