## **RAYMORE-PECULIAR SCHOOL DISTRICT INTERNET/NETWORK USAGE AGREEMENT**

The internet/network usage agreement provided for by board policy 6320 must be signed and on file prior to use of any school district computers.

### **STUDENT DIRECTORY INFORMATION**

Please be advised that the school district will release "Directory Information" concerning your child upon request. This will include the following information: student's name, parent's name, date and place of birth, grade level, enrollment status, participation in school-based activities and sports, height and weight of members of athletic teams, dates of attendance, diplomas and awards received, photographs, videotapes, digital images and recorded sound unless such photographs, videotapes, digital images and recorded sound would be considered harmful or an invasion of privacy. If you do not want this type of information about your child released, please send a note to that effect to your child's principal. (See Board Policy 2400)

### **STUDENT RECORDS**

Board of Education Policy 2400 will guide school administration and staff decisions on student records. All parents will have the right to inspect their child's education records as allowed by law. As used in policy 2400, a "parent" includes a biological or adoptive parent, a guardian or an individual acting as a parent in the absence of a natural parent or guardian. The district will extend the same

rights to either parent, regardless of divorce, custody or visitation rights, unless the district is provided with evidence that the parent's rights to inspect records have been legally revoked.

## **OUT-OF-DISTRICT MEDICAL AND PSYCHOLOGICAL EVALUATIONS**

Occasionally parents seek evaluations that require information from school district employees. The school district will partner with other professionals in order to provide accurate information. It is the district's practice to first obtain a release of information from the parent that will allow us to share information with the requesting agency. Subsequently, all rating scales, narratives, and other requested information will be forwarded directly to the agency itself.

Raymore-Peculiar School District's practice is to allow observations of students by qualified district personnel or those professionals with whom the district contracts directly. Raymore-Peculiar School District will provide detailed record of the observation so that information about the student in the school setting can be shared. District personnel will work with the parent and the outside agency to select the appropriate staff member to match the type of observation requested.

## **INTERNET ACCESS**

The purpose of the district's Internet access and other technological resources is to support and enhance learning and teaching by providing students and faculty with the tools necessary. This access enables them to participate in the type of educational activities which will both prepare students for entry into the increasingly complex environment they will face in the workforce and will also ensure that teachers and other staff have access to the latest in research materials.

Due to the far-reaching implications of these resources, the Board realizes that parameters must be set to assure that activities, which are not appropriate to the learning environment, do not take place. Acceptable uses of the computer resources are activities resulting from specific tasks and assignments, which support learning and teaching, promote the district's goals and objectives and advance the mission of the district. Unacceptable uses are those which violate the rights to privacy of others; violate copyright law; spread computer viruses; deliberately attempt to degrade or disrupt system performance; and locate, transmit, receive, store or print files or messages that are profane, obscene or that use language that is offensive or degrading to others.

The school district is responsible for securing its network and computing systems in a reasonable and economically feasible degree against unauthorized access and /or abuse while making them accessible for authorized and legitimate users. This responsibility includes informing users of expected standards of conduct and the punitive measures for not adhering to them. The administration may develop rules and regulations to help ensure that this informational resource is used in accordance with acceptable guidelines.

Teachers are responsible for teaching proper techniques and standards for participation, for guiding student access to appropriate uses of technological resources and for assuring that students understand that if they misuse them, they will lose their access.

All users of the district's computer resources are responsible for respecting and adhering to local, state, federal and international laws governing usage of the available technology. Any attempt to violate the provisions of the district's rules and regulations governing usage may result in revocation of user privileges, suspension, or other disciplinary action appropriate to the circumstances.

## **Panther Time**

Panther Time is an intervention program designed to provide academic support for students during the school day. During Panther Time, which will be provided three days a week on Monday, Tuesday, and Friday, students will have opportunities to receive academic support from their classroom teachers. Panther Time can be on a voluntary basis if a student independently chooses to visit a teacher's classroom, but it can also be mandated by teachers and staff for students who are struggling academically. For those students who are assigned Panther Time by a classroom teacher, the expectation will be that students report directly to the requesting staff member during the Panther Time period. Failure to report for a mandated Panther Time session will result in a progressive set of disciplinary consequences.

1st Offense:	Warning and re-assign tutoring
2nd Offense:	45-minute detention
3rd Offense:	90-minute detention
4th Offense:	3-hour detention
5th Offense:	1 day ISS
Subsequent offenses:	1 day of ISS

## **LATE STARTS**

Late starts due to inclement weather will be announced on all major television and radio stations, posted on the district's website and recorded on the district's information hotline. In the event of a late start announcement, bus transportation will be provided two hours later than regular pickup times. School sessions will begin two hours later than normal times also, but dismissal time will remain the same.

## **PARENT-TEACHER CONFERENCES**

Parent-Teacher conferences are scheduled for [October 2 and 3, 2019](#). Parents are encouraged to attend. Conferences are typically set up for parents to meet with teachers on a walk-in basis. Appointments times are not scheduled.

## **VISITORS**

Students may not bring visitors or guests to the high school during the school day. Visitors are required to check in at the front office with appropriate identification. Visitors may not bring outside food to any student during the school day.

## HEALTH SERVICES

### Policies regarding illness and accidents:

1. When a student becomes ill at school, he/she must report to the nurse's office. The nurse will notify the student's parent/custodian or a responsible adult if the student is too ill to remain at school.
2. All accidents are to be reported to the nurse's office immediately. An accident report will be completed when appropriate. Following any serious accident, the parent/guardian will be notified immediately.
3. In the case of serious illness where medical attention is immediately required, the student will be sent to the preferred hospital via emergency vehicle.
4. Parents should be certain the school has an emergency telephone number in addition to the home and work telephone numbers.
5. Students should not come to school ill. It is very important that we attempt to control the spread of communicable disease. We would appreciate your compliance in following these guidelines:
  - a. Students should be fever-free (without the influence of fever-reducing medicine) for 24 hours before returning to school.
  - b. The student health services recognize an oral or tympanic (ear) temperature as 100.0 degrees Fahrenheit as a fever. Students with a temperature of 100.0 degrees or greater will be sent home from school.
  - c. Students should be free from continuous coughing.
  - d. Students with vomiting or diarrhea will be sent home from school. An exception will be made for students vomiting secondary to certain medications, physical activity, or by the medical judgment of the school nurses. Students should remain at home for 24 hours after their last episode of vomiting or diarrhea.
  - e. Students should remain at home for 24 hours after taking the first dose of an antibiotic for infection. **The first dose of any medication should be taken at home and the child should remain at home for 24 hours.**
  - f. Students that are found to have head lice will not be allowed to attend school until free of living specimens and all nits.
  - g. Students will be excluded from school for pink eye/conjunctivitis until on medication for 24 hours with primary care provider's written orders or until clearing of the eye.
  - h. The health services department shall be informed of any student with an illness characterized by rash, recurrent episodes of bleeding, or who have draining skin lesions. The lesions and/or rashes should be covered at all times.
6. The nurse will not treat injuries that happen away from school.

7. **Parent/Guardian or their designated adult representative must deliver and pick up all medications to the health room.**
8. **A STUDENT MAY FACE DISCIPLINARY ACTION FROM SCHOOL FOR CARRYING, TAKING, OR DISTRIBUTING ANY TYPE OF UNAUTHORIZED PRESCRIPTION OR NON-PRESCRIPTION SUBSTANCES AT SCHOOL, INCLUDING VITAMIN PRODUCTS.**

The health services department realizes that parents are busy and have many responsibilities. However, it is in the best interest of your student and the other students to avoid sending sick children to school. Time spent in the health room is time NOT spent in the classroom.

### Immunizations and Medications

1. Each student should have a health inventory form and documentation of required immunizations on file in the health room before entering school.
2. Each student must meet Missouri State law immunization requirements.

### Medication Policy for High School

Medication brought to school will be governed through the health room. Over the counter medication must come in the original container and must be accompanied by a note from a parent or guardian and physician stating dosage and time given.

No medication is to be carried by the student at school unless they are asthmatic and have been ordered by a physician to carry their inhaler with them. **All medications must be delivered directly to the health room by a responsible adult and will be dispensed by designated personnel.**

1. Prescription medications must come in the original current pharmacy bottle with the student's and Primary care provider's name clearly visible and must be accompanied by written physician's instructions along with a signed parental/custodial consent to administer. In accordance with school policy medications will not be administered within one (1) hour of dismissal unless there is a written primary care provider's order and signed parental/custodial consent to administer or the student is involved in a school-sponsored after-school activity.
2. Students who have been diagnosed with asthma may carry a prescription inhaler on their person provided there is a written primary care provider's order to do so on file in the health room.
3. Students experiencing coughing may carry and use a non-prescription cough drop.
4. School-owned medication will be dispensed only if a current Medication Order and Consent form is on file in the health room. The Medication Order and Consent form must be completed and signed by the parent/custodian. This form needs to be renewed annually.

### Crisis Planning

Schools are safe environments, but emergencies and/or crisis situations can happen anytime and anywhere. Our Emergency Planning process is focused around three central foundational principles, Readiness, Response and Recovery.

The READINESS component includes:

- Analyzing our facilities for safety, security, equipment capabilities and other areas of operational and functional ability.
- Researching and preplanning to determine the most probable scenarios that could adversely affect our staff and the community we serve.
- Training our staff members so they can act as a team to mitigate a threat or minimize the impact to our children when a natural or man-made disaster occurs.
- Constant vigilance to make necessary changes when protocols or actions need to be modified.
- Reflection on past experiences to inform new practices.

The RESPONSE component includes:

- Recognizing an emergency or disaster early and communicating initial actions to co-workers, students and parents.

- Early notification of Public Safety when appropriate (911, Police, Fire, Rescue, Sheriff)
- Staff implementing actions that follow a predetermined plan to mitigate a threat or minimize the impact to our students when a natural or man-made disaster occurs.
- Staff working seamlessly with Public Safety officers when they arrive to maximize positive outcomes.
- Communicating and working with families for an effective reunification.

The RECOVERY component includes:

- Having predetermined programs in place to provide counseling services to staff, students and parents when a situation and/or need arise.
- Having the ability to continue operations or the capacity to restore basic services quickly and effectively.
- Maintaining a fiscally sound financial business model so the organization has an emergency funding mechanism.
- Utilizing the “hotwash” methodology (immediate review of the response to the situation), so we can continue to reinforce the readiness process.

An Emergency Reference Guide has been developed to assist the Raymore-Peculiar School District staff with preparation, communication and education. This guide provides a step-by-step procedure to follow for most of the predictable scenarios our school district may experience.

### **Critical Steps for Effective Emergency Management**

1. Assess the situation.
2. Call 911 or other emergency numbers as appropriate.
3. Secure the building for the safety of students and staff. Take initial actions as provided by the Emergency Reference Guide.
4. Notify the Superintendent and other appropriate personnel.
5. Refer media inquiries to the Communications Coordinator.
6. Notify families of the students and/or people involved.
7. Mobilize the building and/or district Crisis Management Team.
8. Keep a log of all activity.

### **Communications**

Communications are established between all sites of the Raymore-Peculiar School District, the District Office and the appropriate Public Safety agencies. Due to the geographical makeup of the District, there are several Public Safety entities involved, depending on the precise location of the situations or event. These agencies are:

- Local Police and Fire Departments
  - o Raymore Police Department and Peculiar Police Department.
  - o South Metro Fire Department and West Peculiar Fire Department.
  - o Cass County Sheriff’s Department and Emergency Management
  - o Missouri State Highway Patrol

The Superintendent’s Office will communicate information and procedures to the public in the event of an emergency situation involving a district site. Information that may be communicated include:

- Emergency situation information
- Dismissal procedures
- Family unification procedures

If school is canceled or dismissed early due to weather conditions or other emergencies, an announcement will be made through School Messenger, RPSD website, area television and radio

stations and other media sources (official District social media sites).

## **FIRE/EVACUATION DRILLS**

Periodic fire/evacuation drills will be held. Evacuation routes are posted in each room. Please observe the following points:

\* Once drill is initiated or alarm sounds, teachers will line up classes along the wall preparing students to leave the classroom. Teachers and students will remain in the classroom until further instructed.

\* While students are lined up in the classroom, administrative personnel will walk the hallways to determine if evacuations are necessary. If it is determined that evacuation is necessary, office personnel will direct staff and students to do so via intercom.

\* When evacuating the building, the following protocol should be followed:

- Close windows
- Walk rapidly, single file; do not run or talk
- Take purses or valuables with you. Leave books and class materials behind.
- Go at least 100 feet from the building. Do not block driveways. Do not re-enter building until all clear is sounded (long bell).
- Stay with your group or class.

## **TORNADO DRILLS**

Everyone should prepare for tornado drills. It might be necessary to change plans in the event of a serious threat. An announcement will be made over the intercom indicating the start of the drill. Please observe the following points:

- Stay calm.
- All students and staff should immediately proceed in an orderly fashion to the Dome gymnasium.
- If students are outside and do not have time to move into a safe building, they should lie flat in the nearest depression or ravine.
- All students should stay away from other gymnasiums and glass windows.
- \* All students should stay in the Dome gymnasium until the building "ALL Clear" signal is given.

## **EARTHQUAKE**

- Students should be instructed to move away from windows and other possible hazards.
- Students should be instructed to get under a desk, table, or other shelter or against an inside wall. If the shelter moves, move with it, and stay under it.
- Students should assume the DROP position and be silent so directions can be heard above the noise of the earthquake.
- Students should stay in the DROP position until the earthquake is over and/or further instructions are given.
- After the initial shock and things settle down, students and teachers will evacuate classrooms being alert to the possibility of after -shocks.

## **LOCKERS**

Lockers are the property of the school and are subject to inspection at any time for any reason. Lockers are assigned at the beginning of the school year. Students are not to change lockers without permission from the assistant principal. There is a \$5.00 charge for a lost lock. There may be a fee for a student who damages or fails to maintain his/her locker.

## **LOST AND FOUND**

Any items found should be turned in to the principal's office. If a student loses an item, he/she should check with the front office.

## **TELEPHONES**

Office telephones may not be used except in an emergency. Telephone calls are to be made between classes, during lunch periods, and before or after school. Students are not to use their personal phone during class time unless approved by the teacher. Incoming calls to the school office, which are an emergency or of an urgent nature, will be accepted only from a parent/guardian, in which case, the message will be delivered as soon as possible.

## **CHANGE OF ADDRESS/TELEPHONE**

It is the responsibility of the student to immediately notify the principal's office in the event of a change in address or a telephone number.

## **STUDENT RECORDS REQUEST**

Current Juniors, Seniors and graduates needing to send an official transcript for college, military, or scholarships need to submit a request using steps provided on the Senior Weebly website: <http://rpseniors.weebly.com/>. Select the transcript tab for instructions. Contact Christa Fish in the Senior Office with questions at 816-892-1414 or [christa.fish@raypec.org](mailto:christa.fish@raypec.org). All other transcripts needed for transfers will contact Megan Speer in the counseling department at 816-892-1422.

## **ID BADGES**

Because safety is always a high priority, all Ray-Pec High School students will be issued ID badges. Students must have their ID badges with them at all times.

Students in the building who do not present their badges when instructed to do so will be given consequences or will have privileges revoked.

Badges will be replaced at the cost of \$5.00. ID badges will be required for admittance to all dances.

## STUDENT AGENDAS

An agenda is provided for every Ray-Pec High School student. These agendas contain information about policies, activities, student services, etc. as well as a tardy card and hall passes. Therefore, **students must have their own agenda with them at all times.** Failure to do so will result in hallway restriction and possible disciplinary consequences. The replacement cost for a lost agenda is \$5.

## A+ PROGRAM

Any student may enroll in the A+ program. Students who graduate with A+ status will be eligible to receive scholarship funds to attend any public community college or vocational/technical school in Missouri.

To be eligible, students at graduation must: (1) have attended RPHS for three years (2) earned a 2.5 non-weighted grade point average (3) have 95% attendance over all years of high school (4) performed 50 hours of tutoring/mentoring and (5) must also have scored proficient or better on the Algebra I or Geometry or Algebra II end-of-course exam or achieve a math subscore of 17 on the ACT.

An A+ student must exhibit good citizenship. At Ray-Pec, citizenship is based on points earned for disciplinary referrals. Students receive **2** points for each after-school detention, **3** points for each day of ISS and **4** points for each day of OSS. Students may accumulate up to 20 points per year. When a student accumulates 21 points he/she is dismissed from the A+ program.

Students will be given the opportunity to sign up for the A+ Program during their freshman year.

Attendance guidelines for the A+ program are not the same as the regular high school attendance policy. An A+ student must maintain a 95% cumulative hourly attendance rate. The attendance committee may grant an appeal after proper paperwork is filed with the A+ coordinator. Students in the A+ program are expected to review all policies regarding the program in the A+ student handbook which is available online at [www.raypec.k12.mo.us](http://www.raypec.k12.mo.us)

### Individual Counseling

Students may make an appointment during passing time or before and after school in the counseling office to speak with their counselor. A pass will be given to the student when the appointment is made for the requested time. Students may visit the school counseling office by obtaining a pass

from their teacher for emergencies.

### **Group Counseling**

Various small groups will be offered over the course of the school year. Students may get more information in the counseling office. All students are eligible to participate unless a parent/guardian submits an opt-out form to the counseling office either during registration or at a later date.

### **Schedule Changes**

All schedule change requests should be made prior to the start of a semester. No schedule change requests will be accepted after 3 days into the semester.

Changes in student schedules will only be made for the following reasons:

1. **Student lacking a graduation requirement.**
2. **Course prerequisites were not completed successfully.**
3. **Prior approval, as required, was not obtained.**
4. **Student previously received a grade of D+ or below from an instructor.**
5. **Health reasons- a doctor's note will be required.**
6. **Vocational job assignment/early release**
7. **Add college level course, requirement for college or career placement.**
8. **Drop a course level at second semester if the first semester grade is a D+ or below.**
9. **If counseling and other corrective measures have failed to create a positive situation for the student and the rest of the class. The removal may include a withdraw/fail on the student's permanent transcript, pending administrator's approval.**
10. **Add/change possibly to reduce class load. If a student has 5 or more weighted classes, they can reduce to 4.**

Students must carefully consider all classes in which they pre-enroll and realize that the school will not allow any student to increase class size beyond acceptable limits for learning. All students are given an equal opportunity to sign up for classes they wish to take through pre-enrollment. Students enrolled in a class are expected to attend that class.

Upon successful completion of the diploma program, students will earn an IB diploma, which is recognized throughout the world by universities and colleges. University and colleges often offer advanced standing, preferential admission, course credits, and financial benefits to diploma earners.

## ADVANCED PLACEMENT

The Advanced Placement Program (AP) is a cooperative educational endeavor between secondary schools and colleges and universities. It gives high school students exposure to college level material

through involvement in an AP course, and then gives them an opportunity to show what they have learned by taking an optional AP Exam. Colleges and universities are then able to grant credit, placement, or both to these students.

## **DUAL ENROLLMENT**

Juniors and seniors may sign up for classes at MCCKC (Longview) if they are in good standing with regards to graduation credits. Qualified students should see their counselor for a Dual Enrollment Procedures handout and a School District-MCCKC Dual Enrollment Approval Form. There are specific procedures for how dual enrollment courses affect GPA, graduation requirements, transcripts, and weightedness. The approval form must be signed by the student, parent, and counselor/principal and activities director prior to enrollment at MCCKC. Dual enrollment credit does not become a part of the high school transcript unless it qualifies for high school credit under the terms of the agreement with the Metropolitan Community Colleges.

Regulations for dual enrollment:

- 1) **2.5 GPA** to qualify for career-technical courses, **3.0 GPA** to qualify for academic courses
- 2) College credit may apply to high school credit if pre-approved (see your school counselor)
- 3) Appropriate placement score (if applicable)

College transcripts are housed with the college and are not available from the high school.

## **COLLEGE VISITS/JOB SHADOWING**

Juniors and seniors with a 2.5 cumulative GPA or higher will be granted two college visits/ job shadow opportunities per semester. These will be considered school-related absences if proper documentation is provided. Documentation include a college visit form and a pre-arranged absence form from the Senior office which should be approved prior to the visit. Students will have 48 hours to provide documentation of the visit. Students can not job shadow their current place of employment. Students are discouraged to job shadow their parents place of employment. Students can't use the same place of employment more than once per year.

## **CORRESPONDENCE COURSES**

Board of education policy 6190 will guide administrative decisions on the acceptance of summer school, correspondence, and online courses for credit towards early graduation.

The Raymore-Peculiar R-II School District recognizes units of credit obtained through accredited schools, including credits earned through correspondence courses or courses delivered primarily through electronic media, such as satellite video, cable video or computer-driven or online courses. For the purposes of this policy, an "accredited school" is the Missouri Virtual Instruction Program (MoVIP); a private agency where students with disabilities are placed by a public school; or any

school accredited by the Missouri Department of Elementary and Secondary Education (DESE) or the North Central Commission on Accreditation or equivalent and School Improvement (NCA CASI). Except for courses earned through MoVIP, a student may apply a maximum of two (2) credits from correspondence courses to meet graduation requirements.

## **OFF-SITE OPPORTUNITIES**

Students who are interested in attending the Cass Career Center (CCC), Summit Technology Academy (STA), or Southland CAPS (SCAPS) are required to complete an application as part of the selection process through the counseling office. Students will be selected for these programs based on attendance, grades, discipline, and progress towards graduation requirements and occupational goals.

**Students selected for attendance at these facilities are required to follow the rules and regulations established by CCC, STA, or Southland CAPS and will be under their auspices while in attendance.**

**Students attending SCAPS will be required to provide their own transportation. For CCC & STA, students will be required to ride the bus provided by the school to and from either facility unless excused by a principal.** On days that CCC or STA is not in session, students are required to be in attendance at Ray-Pec. **On days that CCC or STA are in attendance and Ray-Pec is not, students will be expected to attend CCC or STA and ride district transportation.** Anytime a student wishes to drive, or ride with anyone other than a parent/guardian, a driving/riding permit from CCC or STA must be obtained prior to the event. Verification is not accepted after the event. Procedures are in place for the safety of students.

Students may be removed from any off-site program for excessive discipline, absenteeism or failing grades. Students who are on OSS at Ray-Pec will jeopardize their opportunity to attend their off-site facility until their suspensions are completed.

**Advisory attendance is mandatory on the day scheduled for all off-site programs.**

Students needing to leave school before dismissal must sign out (and may not ride with other students) in the attendance office and provide documentation of the reason for leaving (parental phone calls, appointment notes, etc.) in advance. Parents may not call in after a student has left campus to verify the absence.

Students under the age of 17 with excessive absences will be referred to juvenile authorities.

Until the appeal is heard, the student will continue to attend class and will be graded as usual. The decision of the appeals committee will be final.

Students appealing the loss of credit may appear with parents and submit any materials they believe would be valuable in the defense of their credit. The committee will consider all extenuating circumstances before coming to a final decision. The appealing student will be notified of the committee's decision within 48 hours of the appeal. If the committee's decision is not satisfactory to the student or parents, a second appeal may be made to the building principal.

Students absent for 21 consecutive days (**including weekends**) will be dropped from the rolls of Ray-Pec High School unless parents or students contact the attendance office.

Good sportsmanship is built and maintained through a collective effort by administrators, coaches, players, cheerleaders, and spectators. A TEAM EFFORT is necessary in our school if good sportsmanship is to exist.

### **MENUS & PRICES:**

Refer to the monthly menus available at [www.rpchildnutrition.org](http://www.rpchildnutrition.org) for current meal prices. We also offer a large variety of a la carte items. It is important that you and your family discuss available options in order to determine what meets your family goals and nutritional needs. A la carte items are purchase separate from the meal and vary in price from \$0.25 to \$2.00. Daily menus also can be found on our app! Download "Web Menus by School Nutrition and Fitness" at the App Store or on your Android. Have our menus at your fingertips anytime!

### **STUDENT ACCOUNTS:**

All students are assigned an account and PIN. This helps get students through the lines quickly. Please make sure to keep your PIN confidential. Accounts are meant to be debit accounts with purchases subtracted from a balance. When accounts reach a balance of \$5.00, automated reminder emails are sent. Child Nutrition staff will also make account balance reminder calls if an account remains below \$5.00. If a student account falls below a zero balance, students may not make a la carte purchases until funds are deposited. A regular meal can be charged for a limited period of time, however future purchases may be disallowed for accounts remaining at a significant negative balance. Invoices are sent monthly to student accounts with a negative \$15.00 or more account balance. After three consecutive invoices, the negative account balance may be sent to an external collection agency unless payment arrangements are made.

These items may NOT be used, displayed, or heard during class periods either inside or outside the classroom. If these items are used or displayed during class time, they will be subject to confiscation and disciplinary consequences. Refusal to give up a cell phone (including the battery and/or sim card) to a staff member will result in additional disciplinary consequences for insubordination. **Students may not bring speakers or devices to publicly share non educational material.**

## HAZING/BULLYING

In order to promote a safe learning environment for all students, the Raymore-Peculiar R-II School District prohibits all forms of hazing, bullying and student intimidation. (See Board Policy 2655 and 2920.)

Hazing is defined as any activity, on or off school grounds, that a reasonable person believes would negatively impact the mental or physical health or safety of a student or put the student in a ridiculous, humiliating, stressful or disconcerting position for the purpose of initiation, affiliation, admission, membership or maintenance of membership in any group, class, organization, club or athletic team including, but not limited to, a grade level, student organization or school-sponsored activity.

In accordance with state law, bullying is defined as intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; that substantially interferes with the educational performance, opportunities or benefits of any student without exception; or that substantially disrupts the orderly operation of the school. Bullying includes, but is not limited to: physical actions, including violence, gestures, theft, or property damage; oral, written, or electronic communication, including name-calling, put-downs, extortion, or threats; or threats of reprisal or retaliation for reporting such acts. Bullying may also include cyberbullying or cyber threats. Cyber bullying is sending or posting harmful or cruel text or images using the Internet or other digital communication devices. Cyber threats are online materials that threaten or raise concerns about violence against others, or encourage others to harm themselves.

## HALL PASSES

Students are not permitted in the halls during class periods unless a teacher accompanies them or the student has a hall pass from a staff member. Students must also have their agenda and ID badge.

## CARS AND PARKING

It is a privilege, not a right, to park on school grounds. The school retains the authority to conduct routine patrols of any vehicle parked on school grounds. The interior of a student's automobile on school premises may be searched if the school authority has reasonable suspicion to believe that such a search will produce evidence that the student has violated or is violating either the law or district policy. The school will try to contact the student/ owner prior to the search, but may conduct searches without notice or consent. A student is responsible for the contents of his or her vehicle.

1. All students are annually required to purchase a parking hang tag by the second week of school. The cost of the first hang tag is \$25.00 per semester or \$50.00 per year. Students who do not have a valid tag properly displayed in the car will receive consequences as stated in the discipline policy. **(properly displayed means that the hang tag is hanging on the rearview mirror or clearly visible on the dash so that the parking information can be clearly seen)** Students who have unpaid tickets or fines from the previous school year will not be issued a parking pass until they are paid.

3. Students who use their vehicles to transport or hide contraband (drugs, weapons, stolen property) will lose the privilege of having a vehicle on campus.
4. Students must park only in areas designated as student parking. Students need to park inside the yellow lines. Failure to do so could result in loss of driving privileges.
5. Campus speed limit is to be no more than is reasonable and prudent for existing conditions, not to exceed 15 miles per hour.
6. Students shall not pass or break into the line of school buses as they leave the campus.
7. Students with suspended driving privileges will not be allowed to operate any motor vehicle on campus.

The school reserves the right to restrict any student from attending classes or school activities when such student's dress, general appearance and/or conduct creates safety, health, or discipline problems. **Inappropriately dressed students will be required to either change into appropriate attire, or will be subject to disciplinary action. Any exceptions to the dress code will be determined by the administration.**

## DETENTION

Before-school or after-school detention can be issued by a classroom teacher or an administrator. A twenty-four-hour notice will be given so a student who has been assigned to a detention may have the opportunity to inform his/her parents and make arrangements for transportation home. ## **OUT-OF-SCHOOL SUSPENSION**

Students who are suspended out of school are not allowed on school grounds or at any school activity off-campus for the duration of the suspension. Students must call the front office for an appointment to be on campus while they are suspended. 3. Students who receive long-term suspensions (more than 10 days) may have the opportunity to complete work through the Solutions Classroom.
4. **Students returning to school after serving 10 days or less of OSS may be required to serve 1 or more days of ISS upon returning in order to process and complete all work assigned during the OSS period.**

## **EXPULSION**

A student who is expelled is permanently removed from the school setting and is no longer a student at Raymore-Peculiar High School. No student will be allowed to attend school activities on or off school property if expelled.

# **RAYMORE-PECULIAR HIGH SCHOOL**

## **STUDENT DISCIPLINE POLICY**

### **2018-2019**

### **DISCIPLINARY CONSEQUENCES**

### **AND NOTIFICATION**

#### **I. INTRODUCTION & GENERAL STATEMENT**

The Raymore-Peculiar School District believes that schools have been established for the education of the individual and the improvement of society. The district also believes that one of the major functions of our schools is the preparation of youth for citizenship in our community and nation. Self-discipline and the acceptance of individual responsibility are important phases of this preparation. It is the objective and policy of the Raymore-Peculiar School District to recognize, preserve and protect the individual rights of all students and yet, at the same time, to encourage and enforce the exercise of these rights within the necessary framework of an orderly, efficient and continuing school program. Therefore, discipline and structure are necessary standards for the maintenance of an atmosphere where orderly learning is possible and encouraged.

All district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school, or on any property of the school, on any school bus going to or returning from school or school activities, and during school-sponsored activities. The principal of each school is authorized and directed to develop rules and regulations consistent with policies, rules and regulations approved by the Board of Education and disseminate them each year to students and/or parents.

The Board of Education recognizes that acceptable behavior is essential to the development of responsible and self-disciplined citizens and in promoting an effective instructional program in the school. Acceptable behavior is based on respect for one's self and for the worth and human dignity of others. The development of such behavior in students is a dual function of the home and school.

In order to fulfill the responsibility of the school, it is necessary that each activity is conducive to learning. Standards of student conduct are established by the Raymore-Peculiar School District Board of Education to create an environment in which each student's right to learn is protected. *Students are expected to attend school punctually and regularly, to obey all the rules and regulations, to obey all directions and requests of staff, to observe good order and correct deportment, to be diligent in study, to be clean and tidy in person and attire, to be obliging to others, to refrain from the use of profane or improper language and to refrain from the use of tobacco, illegal drugs, controlled substances and alcoholic beverages, while on school premises or under school supervision.*

Students and parents will be notified of rights and responsibilities, including standards of conduct, through handbooks distributed annually.

The Student Code of Conduct is designed to foster student responsibility, respect for the rights of others and to insure the orderly operation of the school. No code can be expected to list each and every offense, which may result in the use of disciplinary action. However, it is the purpose of this Code to list certain offenses which, if committed by a student, will result in the imposition of a consequence. **Any conduct not included herein, or an aggravated circumstance of any offense or an action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education.** Refer to Board of Education policies 2651, 2655, 2640, 2641, 2620, 2150 2160, 2600, 2610, 2670, 2660, 2661, 2662, 2663, 2672, 2673 and 1460.

## II. DISCIPLINARY CONSEQUENCES AND Notification

Students shall be expected to assume their share of responsibility in maintaining an atmosphere conducive to effective teaching/learning situations in all classes and activities in which they participate under the sponsorship of the school. All school district personnel responsible for the care and supervision of the students are authorized to hold every student strictly accountable for any disorderly conduct in violation of the standard of student conduct. The discipline authority, standard of conduct and consequences of volatile conduct administered by district personnel as described in this handbook shall apply equally to students: A) in school; B) on any property of the district, or contiguous to district property; C) during any district-sponsored activities, and including on any school bus going to or returning from school, or any district-sponsored activities; or during intermission or recess periods (refer to policies 2652, 2600, and 2610). Students may be disciplined for violations of school district policies, building handbook rules or classroom policies. Students receiving administrative discipline will be given a copy of the discipline referral outlining the nature of the problem, administrative action and the date/time of the consequence. Parents will be notified of disciplinary actions by email/letter as soon as possible. In the case of serious disciplinary action involving out-of-school suspension, an attempt will be made to contact the parents by phone.

When a student is sent to the office for disciplinary action, the administrator has the option of following the disciplinary consequence outlined in this handbook or administering other disciplinary action as deemed appropriate. **Failure of the student to come to the office on request may be deemed insubordination and be cause for out-of-school suspension.** All students must secure passes upon and before returning to their classes.

## III. SAFE SCHOOLS LAW

In accordance with Missouri House Bills 1301 and 1298, the "Safe Schools" legislation provides the following safeguards for the local school district.

According to Missouri Revised Statute 160.261. The local board of education of each school district shall clearly establish a written policy of discipline. A written copy of the district's discipline policy shall be provided to the pupil and parent or legal guardian of every pupil enrolled in the district at the beginning of each school year and also made available in the office of the superintendent of such district, during normal business hours, for public inspection. All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

The policy shall require school administrators to report acts of school violence to all teachers at the attendance center and, in addition, to other school district employees with a need to know. For the purposes of this chapter or chapter 167, "need to know" is defined as school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. As used in this section, the phrase "act of school violence" or "violent behavior" means the exertion of physical force by a student with the intent to do serious physical injury to another person while on school property, including a

school bus in service on behalf of the district, or while involved in school activities. The policy shall at a minimum require school administrators to report, as soon as reasonably practical, to the appropriate law enforcement agency any of the following crimes, or any act which if committed by an adult would be one of the following crimes:

(1) First degree murder; (2) Second degree murder; (3) Kidnapping; (4) First degree assault; (5) Forcible rape; (6) Forcible sodomy; (7) Burglary in the first degree; (8) Burglary in the second degree; (9) Robbery in the first degree; (10) Distribution of drugs; (11) Distribution of drugs to a minor; (12) Arson in the first degree; (13) Voluntary manslaughter; (14) Involuntary manslaughter; (15) Second degree assault; (16) Sexual assault; (17) Felonious restraint; (18) Property damage in the first degree; (19) The possession of a weapon; (20) Child molestation in the first degree; (21) Deviate sexual assault; (22) Sexual misconduct involving a child; (23) Sexual abuse; (24) Harassment; or (25) Stalking; committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

The school board is authorized to immediately remove through suspension or expulsion a pupil upon a finding by a principal, superintendent, or the school board that such pupil poses a threat of harm to self or others, based upon the child's prior conduct.

No school board is permitted to readmit or enroll a pupil suspended or expelled for having committed certain felonies.

#### IV. ADMINISTRATIVE DISCRETION

The building administrators may deviate from policy guidelines when warranted by extenuating circumstances. The administration reserves the right to contact law enforcement agencies and juvenile authorities in dealing with discipline situations. In some instances, due to the severity of a wrongful behavior, the administration may invoke a penalty or consequence at a level beyond the offense.

#### V. DEFINITION OF DISCIPLINE

A process designed to teach, model, and use appropriate consequences to bring about the responsible behaviors necessary to ensure a safe, orderly, and productive learning environment by helping to change unacceptable behavior to acceptable behavior.

#### VI. DISCIPLINE BELIEF STATEMENT

1. Teaching and learning of the intended curriculum for all students is the highest priority. Therefore, the misbehavior of one student
  - will not be allowed to interfere with the learning opportunities of another student.
  - will not be allowed to interfere with the teacher's responsibility to teach all students.
  - will not excuse the misbehaving student from successfully completing the learning objectives.
2. Self-discipline is the expected outcome.
3. In the handling of unacceptable behaviors, the focus will be on judging the behavior of the student, not on judging the student.

#### VII. BEHAVIOR EXPECTATIONS

1. Students will demonstrate self-respect, respect for others, and respect for all things in their environment.
2. A safe and productive learning environment will be maintained for all individuals at school and

at school-related activities.

3. Conflicts will be handled without the use of violence or threats of violence and with respect for the rights of all.
